Residence News

Sign In/Sign Out Residents that are leaving the residence for an outing or visiting the community center need to sign out of the personal care residence. The sign out and sign in log is located on the resident care desk by the nurse's office.

Family Pets Reminder to residents and family members that when a pet visits the community, we need some information from the pet owner. To meet our state and federal requirements the owner needs to provide a copy of the current pet rabies vaccination records. Records need to be supplied to Kris Martin, activities coordinator. Any questions or concerns may be directed to Kris at 717-646-2431. Reminder that pets must always be on a leash and under the control of the owner.

Health Reminder Residents are reminded to communicate with the nursing staff when they do not feel well. This not only helps you, however, may assist with limiting any spreads of covid, flu, and RSV to your neighbors and team members.

Decorations As the holiday season soon begins and residents start decorating their doors and rooms, here are a few details to keep in mind while decorating.

- No extension cords are allowed. Outlet strips are acceptable for safety standards.
- No real pine should be used as pine dries out and may be a fire hazard.
- No decorations should be hung over the hallway handrails as residents need the handrails for balance while walking and wheelchair use.
- No personal decorations should be displayed in the hallway.
- Please be reminded of any shared spaces as this is not acceptable for display of personal decorations.

Snacks Please see that all personal snacks are stored in an airtight container. The container helps with insect and rodent control. Thank you for helping with this matter.

Cancelled Autumn Picnic scheduled for October 6 has been scheduled due to predicted colder weather and low resident sign up.
