your independent leisure. Booklets can be found in the activity room.

This week ... Odds N' Ends Word Puzzles

Health Reminder Residents are reminded to report any health changes to the nursing staff. Changes include; coughing, runny nose, sniffles, chest congestion, and achy muscles. This is important as staff try to contain any infectious viruses such as; covid, flu and RSV.

How to Stop the Spread!

******Residents are encouraged to wash hands frequently, cough into your elbow, and use antibacterial hand gel when unable to wash hands.

Sign In/Sign Out Residents that are leaving the residence either for an outing with family or visiting the community center need to sign out from the personal care residence. The sign out logs are located at the resident care desk. Please remember to sign back in upon your return to the personal care residence.

Kitchen Dishes If borrowed, please promptly return all dining services kitchen dishes to the personal care dining room kitchen. The dishes are heavily used for all three meals a day and need to be returned in a timely manner. Thank you for helping!

Personal Snacks & Containers

Residents are asked to store personal snacks in an airtight plastic container or tin. Snacks should **not** be stored on the floor. Your assistance with these measures will assist with ant and rodent control.

Courtyard Door Access Residents that have difficulty with maneuvering doors independently can use the doors at the living room, and there is a door bell located on the porch that will alert nursing staff that you need assistance to reenter the building.

Bird Feeders Birds are a wonderful and a joyous sight. We ask residents that have bird feeders outside to store their birdseed in an airtight plastic or glass container. The container then needs to be stored in the outdoor maintenance shed located in the courtyard. No bird seed may be stored in a resident's room. Please see a team member if you have questions or need help.
